DIDSURY, ALBERTA, WEDNESDAY, MAY 6, 1953

\$2.50 a Year; 6c a Copy

Lady Golfers Organize For '53

Fourteen enthusiastic lady golfers met at the home of Mrs. George Thring on Monday evening to form a ladies' section of the Didsbury Golf Club.

In order to establish handicaps all ladies are requested to submit their scores for three rounds to a member of the executive committee no later than May 22. Score cards can be obtained at J. V. Bersch's and Sons.

The following were elected to office: Mrs. George Thring, president; Mrs. R. Dawkins, vice-president; Mrs. A. Allen, secretary-treasurer.

Tournament committee: Mrs. B. Prevost, Mrs. F. Nicholl and Mrs. W. Payne. Tee convenor: Mrs. Wm. McFarquhar.

The next meeting will be held at the home of Mrs. S. Devine on Friday, May 22. All interested are invited to attend.

Cpl. Royden Moon, R.C.A.F., of Greenwood, Nova Scotia, son of Mr. Wm. Moon of Didsbury, is shown above. Cpl. Moon is among those who will leave for England May 8 to take part in the June Coronation of Queen Elizabeth.

South West Didsbury

(From Our Own Correspondent)

(This Week)
Mr. and Mrs. Lynn Hunsperger and family were Sunday dinner guests of Mr. and Mrs. Alfred Snyder and family.

Born to Mr. and Mrs. Alf Bruso of Ottawa, Ont., a daughter, Heather May.

Mr. Ernie Fisher, Joyce and Donald were Sunday guests of Mr. and Mrs. Leveagood and family.

Mr. and Mrs. J. E. Hiltner and Pat were Sunday visitors with Mr. and Mrs. E. D. Hiltner and family.

Mrs. August Lange of Clarendon arrived Monday and left on Tuesday with Mr. H. W. Folkman to attend a business conference in Edmonton.

Seventh Annual Banquet Enjoyed By Graduates

STORES OPEN UNTIL 9:00 P.M. SATURDAY

Starting on Saturday, May 2 stores went on their summer time schedule and will remain open until 9 p.m. every Saturday night.

WESTCOTT NEWS

(From Our Own Correspondent)

Mr. Cecil Papke of Didsbury accompanied Mr. and Mrs. Herbert Goettl to Eckville on Thursday to attend the Osborne-Ferguson nuptials. Cecil acted as first man for the occasion and Mrs. Goettl was the soloist. Mr. and Mrs. Goettl remained at the hotel the weekend to visit with their daughter Deloyce, a school teacher there.

Mrs. Bogner and son Fred, and a lady friend of the latter, visited at the Willie Bogner farm at Westcott recently. We understand that the women-folk were busy house-cleaning as their was a rumor that what was being done was a secret.

Sunday guests at the Goettl home were K. Card and Elaine Gotjen of Calgary and Marjorie Goettl, L. Johnson and K. Atkins of Nisku.

Everyone is enjoying the fine weather, particularly the farmers. We are getting ready for seeding operations and with ample moisture the crops should come quickly, once sown.

YOUTH ON TOUR TO VISIT KNOX UNITED

(From Our Own Correspondent)

On Tuesday, May 12, a group of young people from the Christian Leadership Training School of Edmonton, Alta., will visit in Didsbury and Knox United Church.

This group is representative of the young people who have found a United Church residential school to give them training as lay leaders of the church.

Don't forget the date and make a point of attending.

BIRTHS AT THE DIDSURY MUNICIPAL HOSPITAL

GARDENS CULTIVATED — Phone Lyle Ford to have your garden cultivated with a Roto Tiller.

**COMMUNITY AUCTION SALE
GROWING EACH WEEK**

On Saturday, April 18, the Community Auction Market had its most successful sale to date. Fifty-three head of cattle and 180 hogs were consigned. These came from Innisfail, Olds, Carstairs, Sunnyslope, Cremona, Cochrane and Didsbury.

There was also a large amount of small articles in the sale. The sale has grown steadily since being inaugurated in November and hopes are high that the turnover will increase.

Plans are underway to increase facilities and make things more convenient for buyers at future sales.

Experiments have shown that water taken from the soil by a crop of mustard would be sufficient to produce at least 10 more bushels of grain per acre. Nitrogen and phosphorus taken by the same weed would double the yield.

WANTED — Male or female to handle egg grading and rating management. Party selected will be trained. Anyone applying for position must be prepared to stay at least one year. Contact A. Stolee, 10207 - 101 St., Edmonton, for further particulars. 1c

WANTED — Farm girl for general housework, conveniences. Apply Mrs. Reid Clarke, Phone 2018.

WAITRESS WANTED — Apply Bright Spot Lunch Counter, Didsbury, phone 128. 1c

FOR SALE — Two registered purebred Shorthorn bulls, 1 year old, T.B. tested. Priced reasonable. Apply Ira Stauffer, phone 2002, Didsbury. 1c

FOR SALE — Late model 220-watt Junior General Electric Range like new. \$125. Phone 42 or 1822, Didsbury. 1c

CARD OF THANKS
We wish to take this means of thanking all those who were so kind and helpful during our recent bereavement. Also for the cards and lovely flowers.

HEART DISEASE

Accidents are the chief cause of death among people under 40 years of age, but over 40, heart disease takes the lead, a life insurance survey of policy holders shows.

Accidents caused nearly 39 per cent of the deaths under 40. Heart disease was second greatest cause

at 18 per cent, cancer accounted for 15 per cent.

Between 40 and 59 accidents caused only 7 per cent of the deaths but heart disease accounted for 54 per cent and cancer 20 per cent. Over 60, the toll from accidents was only 2 per cent, while heart disease accounted for 66 per cent and cancer 16 per cent of the deaths.

SENSIBLE

Mr. and Mrs. Barnes had been discussing an arrangement which implied the exercise of the "give and take" theory.

"You know," declared Mr. Barnes, "that it always takes two to make a bargain."

"Yes," returned Mrs. Barnes, "but only one of them gets it."

DOG OWNERS WARNED TO KEEP PETS TIED UP

Dr. H. C. Storey of the federal government's health of animals department issued another warning this week to dog owners, whether they live in the city or country.

The order to keep all dogs tied at all times — which is also a town bylaw — was issued March 8 as a preventive measure against the spreading of rabies.

"Dog owners have had ample warning, so there won't be any room for excuses if stray dogs are picked up and destroyed and owners fined," said Dr. Storey. The fines range from \$50 to \$500.

Local officials say that some residents have failed to co-operate and should the practice continue action will be taken.

MAY LIMIT PRODUCTION

In view of the huge supplies of wheat and cotton in the United States, Ezra Benson, secretary of agriculture, is developing plans to cut production. This will be done through acreage allotment and marketing quota programs for the 1954 crops of these commodities. For wheat the decision so to do must be made not later than July 1 for marketing quotas and July 15 for acreage allotments.

If wheat marketing quotas are finalized and national referendum must be held among all wheat-growers and two-thirds of the voting farmers must approve before the quotas can be put into effect. If the farmers fail to approve by this time, then they will be subject to only acreage allotments. Price support levels will drop from 90 per cent of parity to 50 per cent.

If the plan is approved those who cut acreage to the desired percentage and accept a marketing quota will obtain 90 per cent of parity prices.

There are about 2,100,000 wheat farms in the United States.

Famous Last Words...

Nearly 18,000 people on farms will be accident victims this year—just because they didn't have time to be safe! Those are pretty good odds that an accident could happen to you ... unless you're careful.

Every day ... be careful. Be careful in the field while working with farm machinery. Take extra precautions while driving your car or tractor on highways. Remove all accident danger spots around your home and barns. Make safety first the watchword on your farm!

PEACE — MORE MARKETS

In all this speculation of what may follow the sudden ending of the present cold war, one very important point is being overlooked by those who seem unable to lift their eyes from the ticker tape. That is the revival of Oriental trade.

Across the Pacific there are hundreds of millions of people who could provide a market for every pound of surplus goods this continent might produce. Peace — real peace — could open that market, not overnight of course, but in a relatively short time. Without peace, however, there isn't a chance of getting in at all.

Because it is closest, it is the Pacific coast regions of Canada and the U.S., with their minerals, timber, fish and manufactured goods that would gain first and foremost in any revival of trade with Asia. And it is this region, too, that is in most need of world markets.

Agricultural SERVICE BOARD NOTESW.R. Snyder,
Field Supervisor**FORGET POLITICS, BUT . . .**

One of the Canadian political parties must be right, according to a U.S. senator. The senator said that he always had his meetings opened by a chaplain, who had a standard phrase he used in all his prayers. It went: "Oh Lord, we pray that this year of all years we may forget partisan politics and vote the Republican ticket." The senator of course was a Republican

struck. Enlarge the opening until the bait or traps can be dropped into the tunnel. Be sure and close this opening again immediately. It is well to put two baits into each tunnel at slightly separated places.

Control of Pocket Gophers and Moles — trap about 2' poisoning, 3' gassing. It is necessary to find and open the main lateral tunnel. A small gopher trap or a rat trap is then placed in this opening in such a position that its presence is the least conspicuous. Place a board or shingle over the opening in the ground above the trap and completely cover the board with ground so that no light will get through to the trap.

After having put out traps, trap down or kick off the tops of all mounds nearby so that on the next visit any new mounds will be clearly visible for future attention.

Poison Baits — Cut baits of sweet potatoes, carrots or parsnips two quarts; strychine (powdered), either alkaloid or sulphate, 1/4 ounce. Cut the vegetables in pieces about half inch square. With a pepperbox, scatter the poison over the bait a little at a time meanwhile turning them over, until all are evenly coated. Put bait in covered container and use as soon as possible. Label plainly, both after and container, poison.

Poisonous gases are often effective against these rodents. Carbon monoxide is one method. Carbon Disulfide or calcium cyanide (flakes or dust) or Cyanogas. It is necessary to open the main tunnel so that a few flakes can be sprinkled into each one. When the flakes contact the moist earth around, they are ignited which will spread through the entire underground system which is connected to the main run. Where either the poison bait or the gas method is used it will be necessary to find and open the main tunnel. This can be done with a probe.

Sink the slender, sharp end into the ground between the rows of mounds until the main tunnel is

PUBLIC PROTECTION IS GOVERNMENT JOB

Under present law it is a crime for an individual to break a contract if he damages human life, causes valuable property serious damage, deprives a community of light, power, gas or water or delays or stops the operation of railway trains. But this law has not been applied to individuals not to striking labor unions.

Now, under the current revision of the Criminal Code, proposed to make this public protection apply to labor unions at least so far as illegal strikes in public utilities are concerned. To fair-minded citizens that would seem to be a step in the right direction, says the Financial Post.

The present situation is ridiculous in the extreme. An irresponsible union leader with some imagined grievance could call labor out of a power station and thus completely cripple a metropolitan area or in some cases a whole province.

The first duty of any government to protect the public. There is no protection for a citizen when his job, his heat and his supper may be cut off without him even being consulted.

CHRISTIAN SCIENCE

The Lesson — Sermon entitled "Adam and Fallen Man" is to be read in all Christian Science churches on Sunday and contains these challenging passages from the Bible: "So he drove out the man; and he placed at the east of the Garden of Eden the Cherubim, and the sword which turned every way to keep the way of the tree of life" (Gen. 3:24). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth should, and does, drive error out of all falsehoods; Truth is a bright sword, guiding and guiding. Truth places the cherub wisdom at the gate of understanding to note the proper guests." (538. 3 - 6).

Weddings**BENSON — BURKER**

Rev. Dr. Benson, Bedminster Lutheran Church on Saturday evening, April 25 for the ceremony which united in marriage Miss Rose Mary Burkner, daughter of Mr. Emory Burkner of Minneapolis and Mrs. A. Gregory of Edmonton, and Mr. Raymond Leroy Benson, son of Mr. and Mrs. R. Benson of Didsbury. Rev. E. B. Fox officiated.

Given in marriage by her brother, Mr. Lester Burkner of Calgary, the bride wore a floor-length gown of white net and lace over satin, styled with lily point sleeves, fitted bodice and the neckline was finished with a lace border. Her fingertip veil was held in place by a pearl headress and she carried a bouquet of American Beauty Roses. She wore a double strand pearl necklace.

Mrs. Kenton Gillrie attended her sister as matron of honor wearing a pink gown of net with a lace crepe matching shoulder length veil held by a circlet headress. She carried a bouquet of pink and white carnations. Miss Wilma Suchik, as bridesmaid, wore a dress of mauve net over nylon taffeta and carried yellow carnations. Her sister, Carol Gillrie, was maid of honor and was caught up by a headress of the same color. Miss Carol Gillrie, niece of the bride, was flower girl, wearing a yellow taffeta dress and carrying a bouquet of Sweetheart roses. Her tiny veil was held by a circlet of flowers.

The best man was Mr. Kenton Gillrie, who was joined by his guests, Mr. Wilfred Schneidermiller and Mr. Sherman Shieds. Mrs. Leonard Allen of Edmonton, sister of the bride, sang "The Lord's Prayer" and "Because," and was accompanied by Mrs. Fox. The bride's mother sang "I'm Coming Home" while a corsage of red roses, while the groom's mother wore a black suit

with white accessories. She, too, wore a corsage of red roses.

The reception was held at the home of Mr. and Mrs. Ken Gillrie, at which the best man proposed toast to the bride. The catering was done by several friends of the bride.

For going away the bride donned a medium blue dress of nylon and a short coat, with grey accessories. Her companion wore American Beauty roses. They left on a honeymoon trip to Edmonton and will take up residence there later.

WHAT DOES Your FARM NEED?

New implements, machinery or equipment?
New foundation or breeding livestock?

ELECTRIC

Alberta Farm Electrification

Elsewhere in this issue there is a map illustrating the progress which has been made in farm electrification over the past few years. There are now over 300 rural electrification areas in Alberta either completed, under construction or proposed. As at December 31, 1952 more than 18,000 farms were receiving service. It is expected four to five thousand additional farms will be connected each year for the next several years.

Farm electrification represents one of the largest and most effective jobs of co-operative effort ever carried out in Alberta. This is obviously true because of the fact that over 90% of the farmers had electric service in 1943, the advancement which has been made in less than 10 years is really outstanding — something of which all those who have a part in this work, the farmers, the provincial government and the power companies can be justly proud.

The capital investment the farmer makes in electrifying his farm is a good investment. The sale value of the farm is immediately increased. In most cases the value of the electrified farm goes up by at least twice the amount the farmer has invested in line construction costs and building costs. As well, the low cost of electric service more than pays for itself in reducing the operating expenses on the farm and increasing production.

There is another partner in the Farm Electrification Co-operative Association whom we have not mentioned — Mrs. Farmer and wife. She has been one of the most effective forces in the successful progress which has been made. Not only has she been enthusiastic in supporting the forming of the associations, but in many cases she has provided the good meals for the meetings, served refreshments and cost. Mrs. Farmer gets her reward when the power is turned on. She then has the opportunity of obtaining all the electrical household appliances to take much of the drudgery out of household tasks.

Farmers, through Rural Electrification Co-operative Associations, have succeeded in a very successful way which could not be accomplished as well or at as reasonable cost by any other agency — and doing it themselves without calling on the taxpayers' money for help.

REGULAR REPORT OF
MT. VIEW HEALTH UNIT

The last regular report of the Mt. View Health Unit has been received and it reveals that chicken pox was very prevalent in the unit area among children. There now appears to be some subsiding of the outbreak. The number of other infectious diseases has been very light.

Parasite measures with regard to rabies has taken up much of the time of administration during this quarter.

Fourty-four visits were made to the 126 cases of chicken pox reported.

Routine inspections of restaurants for renewal of licences was carried out. Seventeen interviews were made and eight nuisances investigated. Twenty-seven food establishments were inspected.

Visitors at Water Valley will be discontinued as a regular program but one will be held there each month between June and October.

Dog-fight discourager

We know one bellicose dog who won't welcome the latest thing in aluminum: an electric dog-prod. Next time Tower rushes into battle, you can nonchalantly produce this two-foot aluminum rod and apply it to the handiest part of the dog's anatomy. The resulting shock is quite harmless, but they say a few "treatments" cure the pugnacity of even the toughest tyke.

Speaking of electricity, Canadians can take pride that the largest stranded electrical cable ever made for an overhead transmission line has been delivered by Akan's Shawinigan Falls plant to the West Coast, to carry power to our new smelter now a-building at Kitimat, Aluminum Company of Canada, Ltd. (Akan).

Through The
Study Window

Rev. C. C. Armstrong

A group from the Christian Leadership Training School at Naramata, near Penticton, B.C., will visit Didsbury on Tuesday evening, May 12. This group, under the leadership of the principal, Rev. Robert McLaren, is representative of the young people who have found a United Church residential school to give them intensive training as lay leaders within the church.

The school at Naramata is the first of its type within the United Church. Others have since been established. There is the Prairie Christian Training Centre at Fort Macleod, Alta.; another at Five Hills, Ontario, and a further school in the formative stage in the Maritimes.

The General Council of the church, which is the highest church court, has endorsed these schools in the belief that the particular need to be met by young people cannot be served by the existing colleges or secondary schools, such as Alberta College in Edmonton or Mt. Royal College in Calgary. These residential training centres, such as that at Naramata, provide for lay people an intensive training for Christian leadership in the local church, in schools, especially devoted to Christian leadership training coupled with residential Christian fellowship.

There is urgent need for trained leadership in the church. In a recent column it was noted that the church requires 1,000 specially-trained leaders within the next four years, the bulk of this number being ordained ministers. But there is even greater need for trained lay people, to serve in 5,091 Sunday Schools, with membership of 550,952, in mid-week organizations (9,681 of these) with over 200,000 members, scattered over 2,000 pastoral charges.

Christianity, in its origin, was a lay movement, whose spiritual head was a carpenter, and whose followers were tax collectors, fishermen and farmers and tent-makers and housewives. Elton Trueblood, his written, commented to professional church leaders, to say: "There are many who will not listen to professionals for the very reason that these are professionals. Whatever they say or do is minimized in advance by the potential listeners who pay little attention to what such people say because they are expected to say good things; that is their job."

These young people from the Naramata School left their jobs in the school and on the farm for a period of preparation. They returned to their former tasks but now with a new sense of trained ability to give expression to their Christian conviction both in faith, in word and in practice. Be sure to hear them at Knox United Church, Tuesday, May 12, at 8:15 p.m.

WHEAT STOCKS UP

Visible stocks of Canadian wheat on April 1 totalled 274.6 million bushels of which 144.6 million was in western country elevators. On the same date last year wheat stocks amounted to 207.4 million bushels.

DODGE and DESOTO DEALERS

THE PURCHASING POWER OF A
BUSHEL OF WHEAT

IN 1939 ONE BUSHL OF
WHEAT PURCHASED
6½ K.W.HRS. OF
ELECTRIC SERVICE

IN 1952 ONE BUSHL OF
WHEAT PURCHASED
50 K.W.HRS. OF
ELECTRIC SERVICE

Regardless what the business or profession of a person in Alberta may be, all are vitally concerned with the purchasing power of a bushel of wheat. While we do not wish to belittle our natural resources, the economy of Alberta is dependent upon Agriculture. This is something we should never forget. We, therefore, thought it might be of interest to our customers to see a comparative table of the purchasing power of a bushel of wheat today, as compared with 1939, when used to purchase electric service by Farm and Domestic customers. Here is the comparison:

YEAR	Average Elevator Price Per Bushel Received by Alberta Farmers.	Average Amount Paid Per Kilowatt Hour.	Number of Kilowatts Hours a Bushel of Wheat Would Purchase.
1939	\$0.52	8c	6½ K.W.Hrs.
*1952	\$1.51	3c	50 K.W.Hrs.

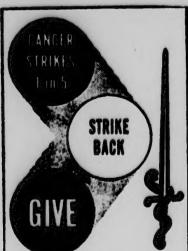

In other words a bushel of wheat in 1952 would purchase almost eight times the amount of electricity a bushel of wheat would have purchased in 1939 for Farm and Domestic customers on Calgary Power system.

ELECTRICITY TODAY IS YOUR BIGGEST BARGAIN.

Last figures available up to July 31, 1952.

See map of Farm Electrification on page 4

Give Generously

To Alberta's
\$200,000.00**CANCER CRUSADE**Canadian Cancer Society
231 7th Avenue East
Calgary, Alberta**FRANK CHAFFIN TO GET ARTIFICIAL LIMBS**

The committee in charge of the Frank Chaffin Fund at Olds is glad to report that progress is now under way to obtain Frankie's artificial limbs. The lad lost both arms at the elbows when thrown from a horse in the path of a moving train.

Anxiety has been expressed by some who contributed to the fund that nothing was being accomplished on the boy's behalf. However, all contributors may rest assured that this is not the case. The delay in definite action has been largely due to the necessary location of Frankie's arms before limbs could be fitted.

Frank has now been admitted to the Crippled Children's Hospital in Calgary and is under the care of Dr. Richardson. A further slight operation will be necessary on his right arm, after which his limbs will be fitted by and purchased from the Calgary Limb Factory.

In as much as is possible Frank will be trained in their use at the Red Cross hospital, after which

QUICK THINKING

An absolutely true story that brings a smile concerns an elderly chap who went out to buy a dozen pairs of nylons for his beautiful young wife.

On his way to the shop he saw one of those small-print notices that some people stick in the rear windows of their cars: "If you read this — you're too darned close."

He took a note of it, chuckling, when he got into the stocking shop. He told the manager: "Do you think you could print that on the knees of a dozen pairs of nylons for my wife — just for a quid?"

"Sure," said the manager. "What type would you like it printed in?"

The elderly chap thought for a moment: "Braille," he said.

more extensive training will be needed funds permit. The only expense of the course so far has been the purchase of a typewriter on which Frank has been learning to type with the aid of pencils strapped to his arms.

HOW MANY ARE IN THE SAME BOAT?

A Canadian citizen has been sentenced to four years in prison for an income tax return. He claims that the Income Tax Department owes him money for an overpayment of taxes years ago; and he says he will make no more returns until this claim is settled.

No doubt this citizen is violating the regulations in his refusing to make a return, and no doubt the income tax people are within the law in having him so sentenced.

But these regulations were made by the taxing authorities and made to facilitate their work, not that of the claimant.

It would be interesting to know how many people are in the same position as this taxpayer, unable to collect refunds because they don't know how to get action on their claims.

Who but the government could agree with the practice of collecting accounts in advance and letting their customers await their convenience for adjustments of overcharges.

**Marvelube
GREASE "O" or "I"**

With either of these improved type grease guns and a filter pump, you can cut down the time it takes to do a grease job — you can be sure every bearing is properly greased. Equally important, you get away from the time-wasting, messy job of filling with a paddle.

The chance to buy either of these guns is offered with every 25 lb. pail of Marvelube Grease "O" or "I"—the grease that's used by more Canadian farmers than any other brand!

Check these features—Choice of 2 guns

- High Pressure Gun
- 10,000 lbs. pressure for stubborn bearings
- Takes 3 strokes of pump to fill
- Keeps grease clean
- Can't air-lock, won't clog stroke
- Small nozzle for hard-to-reach places
- Greases up to 100 fittings with one fill

- 1,500 lbs. pressure
- Lower priced, takes its class
- Special attachment for use with filter pump

DISTRICT NEWS**EAST NOTES**

(From Our Own Correspondent)

Ladies are reminded of the meeting next Wednesday at the home of Mrs. Orville Schneiders.

Best wishes and a speedy recovery are extended to Miss Zooko, who is a patient in the Didsbury hospital, suffering from a broken ankle.

Mr. and Mrs. Harold Sheils and Miss Shirley Spragg were supper guests with Mr. and Mrs. Alfie Thompson and family Sunday. Later in the evening the following people called on them: Mr. and Mrs. Herb Schumaker and family, Mr. and Mrs. Schumaker and family, Mr. and Mrs. Peter McCullough, who is a patient in the Didsbury hospital.

Mr. and Mrs. Hank Hart and family called on Mr. and Mrs. Herb Ziegler and family Friday evening.

Approximately 19 people were guests on Sunday with Mrs. Pete Neufeld and children.

Mr. and Mrs. Haworth called on Mr. and Mrs. Ziegler to see how the latter were getting along. A short time ago he fell off of their truck and suffered a cut on the head which required nine stitches. Best wishes are extended for a speedy recovery.

Mrs. Dowell and Mr. Fred Metz called on Mr. and Mrs. Albert Milne and Sharon last Friday evening.

The next girl's club meeting will be held with Ruby Milne May 15 and all girls are asked to bring their exhibits.

D. W. ROBERTSON TO HEAD
T.B. ASSOCIATION

Mr. D. W. Robertson of Red Deer was elected president of the Alberta Tuberculosis Association at the annual meeting of that body held in Calgary May 3. Mr. Robertson has been actively associated with the voluntary anti-tuberculosis group since 1935.

Retiring president T. A. Shandro reported a record year's accomplishments, including the highest returns in history from the T.B. Christmas Seal sale, \$208,159, an increase of \$11,000 over 1951. Alberta press and radio were highly praised.

Of that year's receipts of \$193,000, the association spent \$14,000 on public health education during the past year, \$32,000 on X-ray units installed in hospitals for routine chest X-ray of patients, \$26,000 on nursing social and welfare services, \$18,500 on mass surveys with the mobile unit, \$3,500 on vocational training and rehabilitation of patients, \$7,000 on professional education, \$5,500 on tuberculin tests and hospital X-rays apart from installing X-ray units, and \$1,500 on occupational therapy.

The Christmas Seal campaign cost \$20,000, supplies from National office \$1,500, national assessment was \$5,700 and office and administration cost \$9,800. Budget for 1953 is \$208,000.

Mr. Shandro revealed that deaths from T.B. in Alberta had dropped from 330 in 1941 to 126 last year. Fewer people are dying from T.B. he pointed out, but incidence of the disease is still high. There are twice as many now under treatment as there were 10 years ago. Alberta's death rate last year was 13 per 100,000, second lowest in Canada. For the white population only, Alberta has Canada's lowest death rate.

ABBOT . . .
MASTER STRATEGIST

The most amazing thing about the recent Abbott budget is the unanimity with which it has been approved.

One would have thought that at a time when the government finds it necessary to take a third of the national income for its purposes, the critics would have centred their attention on the need for such enormous expenditures, the distribution of the tax burden and the inadequacy of the foundation on which taxes are based.

But little attention has been given to these things, and practically all the discussion has been over how much each of us is going to benefit from the tax reductions.

Mr. Abbott has proved himself a masterful strategist. By reducing rates, only to the extent of the surplus he could expect from lowered rates, he was able to throw the taxpayer a bone to chew at while he got their approval for all the taxes he needs to carry out the full government program.

He can handle parliament better than parliament can handle him. We congratulate him on his performance.

Bergen Notes

(From Our Own Correspondent)

The first musical recital in this district was held in the United Methodist Church on Friday evening May 3.

Members of the choir and other musicians are all pupils of Rev. Willard Swalm and the entire program was very enjoyable. The audience was not too large due to the stormy weather.

Louise Williams and Audrey Davidson each played several piano selections. Reg Kynd and Cliff Rateliff played an accordion duet and each rendered several solo pieces. Howard Baughman also played an accordion solo.

Rev. and Mrs. Swalm favoured the audience with several special numbers in song and piano.

The choir sang six hymns during the evening. Deserving of special mention was their rendition of the beautiful hymn, "Master the Temple Is Raging."

The ladies served coffee and a delicious lunch.

The five ladies who braved the weather to attend ladies' aid on Thursday spent the afternoon visiting at the home of Mrs. D. O. Clark.

Mrs. Gordon Lyle returned Friday evening to drive to the west coast. Mr. and Mrs. Eric Lyle remained at White Rock, B.C., at the home of Mr. and Mrs. Howard Gilmore.

Rev. and Mrs. Swalm are leaving this week for Ohio. They plan to stay for one month. In their absence Mr. Chris Anderson will be in charge of the Bergen pastorate.

TEMPERANCE IN
TAXATION

It is hardly fair to accuse the people of this province of intemperance because they have spent a few million dollars on liquor last year.

Not only the money went to liquor. A very large portion of it was profit that the provincial government made from the handling of liquor, and a good portion of that amount went to the dominion government for excise taxes.

In our view the most intemperate about the liquor traffic is the intemperate exactions of the provincial and dominion governments.

We believe moderation is best in all things, even taxes.

TRACTOR ACCIDENTS
STILL PREVALENT

Two fatal tractor accidents occurred in Alberta within the past two weeks. In Edmonton a small boy was run over when a playmate touched the starter of a tractor which had been left in reverse. The tractor rolled back crushing him beneath.

In Trochu, Evansburg district, Mrs. J. Trulich was instantly killed when a tractor on which she was riding with her husband and baby crashed through the guard rail of a bridge on the highway and went out of control.

Last year's tractor casualty list numbered at least 26 farm people killed. Farmers are urged to take greater care with the tractor this year and so reduce the number of casualties.

The 1952 immigration total of 14,498 was 30,000 below the 1951 figure; highest yearly total was 460,870 achieved in 1913.

Little Items of Local Interest

Mr. Lyle Sproule, assistant manager of Builders' Hardware here has been appointed to Brooks where he will manage the hardware department of Atlas Lumber. He will be succeeded here by Lambert Sherick.

Mr. and Mrs. J. Scheidt, Father Jr. and Adrienne, prepared to Calgary Sunday evening to attend the 1953 graduating class concert of the Holy Cross hospital band at the Capitol theatre. Among the graduates were two Didsbury girls, Betty Rupp and Marjory Chandler, a former local girl.

Born to Mr. and Mrs. J. Cawsey (Florence McNeil) at Calgary, May 1 a son.

Mr. and Mrs. E. J. Rouleau left the latter part of last week to take up residence at Pincher Creek.

Word has been received from Victoria, B.C., of the death of Dr. G. M. Reid. Dr. Reid practised in Didsbury from 1903 to 1914 and again from 1918 to 1920, after serving in the First World War for four years. He also was on the staff of doctors at Keith Sanatorium before going to Victoria.

Mr. and Mrs. Bert Bahr, Mr. and Mrs. R. Fiddes, Pat and Maureen Gleichen; Mr. and Mrs. Ed Bunn, Pauline, Linda and Tom Jenkins and Mr. and Mrs. B. W. Smithson of Calgary, were dinner guests Sunday with Mr. and Mrs. Ed Bahr.

Mr. Cameron Wordie, who has completed his first year of commerce at the University of Alberta, is visiting at the home of his parents here. Also at home for a visit is their son Gordon Wordie of Uranium City.

Mrs. F. L. Evans is visiting at the home of her son, Mr. and Mrs. D. G. Innes at Cranbrook while her mother is a patient in the hospital.

Mr. and Mrs. J. Caithness left last Thursday for an extended visit to Toronto and U.S. points.

Mr. Howard Halliday left Calgary by plane Monday evening to attend the funeral of his sister, Mrs. P. McRae, of New Westminster, B.C.

Mrs. Lila McRae, which during a visit at the local hospital when she was injured in a highway crash near Drumheller last week, is reported to be in satisfactory condition in hospital here.

Mrs. Florence Reist, daughter of Mr. and Mrs. Wilmer Reist, received her diploma and pin from the General Hospital School of Nursing, Calgary, in graduation exercises held April 21. She has accepted a position on the staff of the local hospital.

BANCROFT BUTTERCUPS HOLD MONTHLY MEETING

The Bancroft Buttercups Girls' Club held their monthly meeting at the home of Patricia Hoskin on April 25. The meeting opened by singing "The Old Rugged Cross" and repeating the club creed.

Roll call for the seniors and juniors was a hard boiled egg to color.

Objective for seniors was a finished piece of hemstitch on the machine and juniors was a finished home-made Easter basket.

A trip to Calgary to see points of interest was suggested and the assistant supervisor, Mrs. K. Swanson is to make plans.

The mother and daughter banquet is to be held June 1. Meeting adjourned and "God Save The Queen" was sung.

Mary Arria won the contest and Marlene Chappell the raffle.

DRIVERS GET NEW WARNING ON MONOXIDE

A warning that carbon monoxide can be more deadly when an automobile's windows are open than when they are closed comes from an association of casualty and surety companies in New York.

The reason offered was that if the poisonous gas came from a leak in the engine, the fumes created by the car's movement would carry the vapor along and draw it into the automobile.

A series of tests, cited by the organization, indicated that mechanical failure of the back of the automobile were outside causes in releasing fatal carbon monoxide.

Data gathered by the California state patrol and presented by the association traced escaping gas to faulty exhaust systems, loose manifolds and exhaust pipe connections.

It was emphasized that the volume entering a speeding car was greater with all windows open than when they were tightly closed.

The tests also indicated that the age, make or model of the car had little if any bearing on the amount of carbon monoxide that would enter the driver's compartment.

As a remedy the casualty association suggested periodic inspection of vehicles, particularly the rear mechanisms to reduce the peril of carbon monoxide.

Coming Events

St. Cyprian's W.A. will have tulips for sale, for Mother's Day, at Soley's Food Store on Saturday, May 9.

Eric Ratledge, optometrist, associate of K. Roy McLean, announces date of his next visit as Monday, May 12, at 10 a.m. at the Redbud hotel. Consult in city office, 1014 Greyhound Building.

The Evening Group of Knox United W.A. will hold a Mothers' Day tea and sale in the basement of the church on Saturday, May 9, from 3 to 5. There will be a display of costumes of yesterdays at 3:30 and 4:30. Donations for the food table will be appreciated.

The Woman's Missionary Society of Knox United Church will meet at the home of Mrs. Reid Clarke, Wednesday afternoon, May 13, at 2 p.m.

The regular meeting of the Afternoon Group of Knox United W.A. will be held at the home of Mrs. J. Topley, Thursday, May 7 at 2:45 p.m.

An executive meeting of the Didsbury Women's Institute constituency will be held at the home of Mrs. R. Long on Saturday, May 9 at 2 p.m.

The Rugby Bluebells W.I.G.C. will hold a food sale in the Mayne Harris showroom on Saturday, May 23 at 2:30 p.m.

Fresh cut tulips direct from the Pacific coast, at Berscht's.

The Didsbury Branch of the Canadian Legion will hold a bridge and whist party in the Lions hall, Friday evening, May 8 at 8 p.m. Proceeds go towards the Boy Scout hall. Everyone welcome. Admission 50¢.

Mrs. John Wesley left Sunday for Calgary to enter the Holy Cross hospital where she will undergo an operation.

ENGAGEMENT ANNOUNCEMENT
Mr. and Mrs. B. A. Atkinson announce the engagement of their elder daughter, Margaret Florence, to Gerald Crosby Archer, son of Mr. and Mrs. D. C. Archer. The marriage is to take place early in July.
